NEW FLOOR ATTRACTION

Layers of 5 mm. LVT

LVT is the world's leading choice Vinyl floor covering

LVT (Luxury Vinyl Tiles) is a special (vinyl) flooring product that provides you with options such as the looks of natural wood, natural stone and metal. Available in different dimensions and thicknesses for all type of your project. Unique places can be created with a creative selections of patterns for indoor applications.

NEW FLOOR ATTRACTION

Easy Installation

You can create your own floor attraction
with easy installation methods

LAAG is easy to install and uninstall.
The installation process is clean, quick and quiet.
Decorative, warm and cozy floor combinations
can be created by using different models together.

NEW FLOOR ATTRACTION

2,5 - 5 mm.

Anywhere and everywhere,
with all types and properties required

Aside from its creative visual options, LAAG can also be manufactured in thicknesses that vary according to the frequency of use for a specific place. Sophisticated stone-walled places, cozy wooden application and creative combinations... All according to your taste.

NEW FLOOR ATTRACTION

Sound Insulation

LVT provides unmatched quietness in
application and use

In houses, noise pollution due to the floors is a collective issue. LAAG is the perfect choice for you and your loved ones during their play time and while spending time on your hobbies.

NEW FLOOR ATTRACTION

Waterproof

Water and moisture resistant

In indoor areas where there is heavy pedestrian traffic, noise pollution is mainly due to the floors. GRIT is the perfect choice for functional tranquility in schools, libraries, hospitals and laboratories, and for exquisite tranquility in other places.

NEW FLOOR ATTRACTION

Phthalate Free

You are standing on
healthy ground

LAAG doesn't require polishing and maintenance, it is also anti-bacterial with its special waterproof structure. It does not harbor dust, mites and other microorganisms. With these features, it provides unmatched hygiene in houses. It is not hazardous to human health. This property is certified by institutions.
